

FABRIC GUIDE FOR SPRING 2020 LISA THE UNICORN QUILT

The pictured quilt was made using my Lisa the Unicorn pattern and RU-948-40 Roll-Up from Robert Kaufman Fabrics. The other fabrics used are Essex Yarn-Dyed Shale for the Block Backgrounds and Kona Metal for the Sashing and Borders. The Unicorns are made with Lush Velveteen in Snow. (If you prefer not to use velveteen, substitute Kona Snow.)

Using the Roll-Up

Use the Rainbow Mane Variation on Page 9 of the pattern, cutting pieces from the Roll-Up strips as shown below. The horn and nostril are cut from the Essex Yarn-Dyed Metallic Platinum Roll-Up strip. The eyes are cut from the Kona Pepper Roll-Up strip. The print fabrics strips from my Paintbox collection are for the binding.
